# WE ARE MOST

ABU NASHMI TRAD is OMAN'S First Saudi German Based Company in MUSCAT; SULTANATE OF OMAN across GCC Our mission is to improve the quality of life by making the world more productive and sustainable. We are committed to enabling the next generation of smart manufacturing. With the right strategy, talented people, and our substantial financial strength, we are dedicated to deliver value to our customers

With a growing number of repair operations throughout the GCC ABU NASHMI TRAD is capable of supporting you with complete industrial repair services on a global scale. With over 968 different manufacturers and over 132,000 unique part numbers being supported, you can rest assured that ANT has the solution for you. Our capabilities within the Remanufactured Spare Parts division can market and sell excess/obsolete equipment all over the world.

## Our Technical Engineering Services

Few repair service providers can ensure restoration of outdated or proprietary equipment. Our team includes expert engineers who are able to design any components you need that are otherwise unavailable. Don't resort to replacing a costly hydraulic system when we can easily complete a hydraulic cylinder repair

## COMPLETE INDUSTRIAL REPAIR

From basic troubleshooting to complete drafting, fabricating and installing your new component, the team at ANT Services is able to keep your company moving forward with minimal downtime.

Search for a location near you today or request a quote to receive a

prompt replacement, repair service or remanufactured component. If you don't see the industrial repair service you require, ask a representative for more information about our complete list of available services. At ANT, we provide the comprehensive services you need to continue to provide world-class products and services
